

California Memorial Project 19th Annual California Remembrance Ceremony

Disability Rights California (DRC) is an organization that protects the rights of Californians with Disabilities.

Disability Rights California's Peer Self-Advocacy (PSA) program and the California Memorial Project (CMP) will hold its 19th annual Remembrance ceremony to honor and celebrate our peers who lived and died in California state hospitals without the recognition they deserved. We will acknowledge our peers still living in these institutions today, many who died and are still dying from the Covid-19 pandemic. By sharing stories, poems, songs, artwork, cultural perspectives and a moment of silence, we will celebrate their lives so they are seen and heard - they are not to be forgotten.

When:

September 20, 2021
1:00PM - 2:00PM

Register at: <https://www.disabilityrightsca.org/cmp-2021>
